THE 10TH INTERNATIONAL WORKSHOP ON UI GREENMETRIC WORLD UNIVERSITY RANKINGS (IWGM) 2024

Instituting UI GreenMetric: The Way Forward

Date
04 - 07 June 2024

Hosted By
Universidad del Rosario
Universidad El Bosque
Universidad Javeriana
Universidad Autónoma de Occidente
Universidad Nacional

A. Background

For the past 14 years, UI GreenMetric has become one of the flagship programs of Universitas Indonesia that ranks universities around the world according to appointed indicators of campus environmental sustainability issues, such as setting and infrastructure, energy, waste management, water, transportation, and education. This ranking is one of the university's efforts in promoting sustainability on campuses and also in involving stakeholders in any kind of effort to create a sustainable environment.

UI GreenMetric has a strong commitment to becoming a global platform for university students in the world to become active players in addressing the environmental challenges facing the world today. With the principle of mutual cooperation and sharing experiences, UI GreenMetric aims to raise awareness of universities as agents of change for a better world. The ranking is conducted through an online questionnaire system in which each university provided data about sustainability indicators. The data is then automatically processed into a ranking.

This program has been conducted since 2010, and the participation of universities around the world continues to increase. In 2010, approximately nearly 100 universities from 35 countries participated in the UI GreenMetric. In 2023, there are 1183 Universities from 84 countries. The increasing number shows that this program can grab the attention of many universities throughout the world.

Many universities' performance in UI GreenMetric has been improved during the ranking process. In order to increase the performance of each university in UI GreenMetric, universities need to share their sustainability achievements and current condition in a forum. 1183 universities in UI GreenMetric Network are good examples of how sustainability policies can be implemented in universities in some respects such as setting and infrastructure, energy and climate change, waste and water management, transportation and also education. These universities can share information about the implementation of sustainability policies in each university.

B. Purpose

International Workshop on UI GreenMetric aims to:

1. Disseminate and evaluate the implementation of the UI GreenMetric Rankings in participating universities worldwide.
2. Share information about sustainability to improve the campus by studying some best practices.
3. Provide an opportunity for universities on the top rank in UI GreenMetric to share their university's policy, programs and implementation.
4. Provide an opportunity for cooperation in sustainability management on campuses.

C. Main Program

The symposium will be opened by the Rector of the Universidad del Rosario, Universidad Javeriana and the Chairperson of UI GreenMetric. Keynote speakers from related Ministries or organizations can be invited to the workshop. Speakers are invited to share their universities' best practices in the areas of Setting and Infrastructure, Energy and Climate Change Policy, Waste, Water, Transportation, and Education and Research.

D. Number of Speakers and Participants

Universities are invited to be participants based on their university's participation in the UI GreenMetric World University Rankings in 2023. Universities with top ranks in UI GreenMetric World University Rankings in 2023 will be invited to speak as speakers. In the previous event in Portugal, over 239 international delegates from 46 different countries including 30 speakers in parallel sessions and 44 presenters in poster sessions.

E. Name and Theme of Event

Name : ***The 10th International Workshop on UI GreenMetric World University Rankings (IWGM 2024)***

Theme : ***Instituting UI GreenMetric: The Way Forward***

F. Organizer

UI GreenMetric in collaboration with the Universidad del Rosario, Universidad Javeriana, Universidad Autónoma de Occidente, Universidad Nacional and Universidad El Bosque.

Date : 4 - 7 June 2024

Venue : Universidad del Rosario and Universidad Javeriana

G. Tentative Program

Time Zone based on Bogota, Colombia's local time

- On 4 June 2024, UI GWURN Steering Committee Meeting is only for UI GreenMetric National Coordinators.
- On 4 June 2024, we will inform the list of participants who can join the Dinner and welcoming participants.
- All speakers and participants can join all events on 5-7 June 2024.
- Kindly note that the latest version of the event program is available at <https://iwgm.ui.ac.id/program-of-event-iwgm-2024/>.
